

3/3/09 State and Local Tax Information Service Launched

Today marks the first issue of the EHTC State and Local Tax Information Service. This email explains the purpose of the service, my State and Local Tax blog, the EHTC Newsletter, and how to unsubscribe.

Purpose: The purpose of the *State and Local Tax Information* service is to provide the participants of the State and Local Tax seminars and the purchasers of EHTC's two books on the MBT, an efficient way to keep current on state and local tax matters. These emails supplement my blog and provide more in-depth discussion of state and local tax issues. The articles that appear in these emails will be posted on the EHTC website at: <http://www.ehtc.com/ehtc/saltnewsletters.htm>.

Ed Kisscorni's Blog: My blog, which can be accessed at www.MichiganStateAndLocalTax.com, is updated regularly. In fact, I intend to post content even more frequently than I have in the past. The blog is a very efficient way to communicate short bits of information. It also provides me an opportunity to receive feedback from readers. The blog is a free service and can be read through your web browser or via a subscription. If you elect to subscribe to the service, you will receive the posts in your email in-box. You can subscribe by opening the blog's webpage (www.MichiganStateAndLocalTax.com), inserting your email address in the subscribe box on the left side bar, and clicking on the "Subscribe" button.

EHTC Newsletter: Many of you have been receiving the EHTC BizActions Newsletter with its link to my blog and SALT newsletters. In the future, you will receive this SALT-focused email instead of EHTC's weekly online newsletter. If you would like to continue receiving the EHTC newsletter, please click this link to send an email to our administrator: [Subscribe Me](#) and include your contact information.

Unsubscribe: If you have received this email by mistake or if you wish to stop receiving it, click on the unsubscribe link at the bottom of this (or future) email messages.

The year 2009 promises to be a busy and challenging year in state and local tax in Michigan. The Michigan Department of Treasury will be issuing a significant number of Revenue Administrative Bulletins to explain the Michigan Business Tax. In addition, tax practitioners will need to understand the changes to the Sales Tax Act and the Use Tax Act. Property taxes will continue to be in the news as Taxable Values continue to increase even as property values go down. We believe this new service from EHTC will help you keep on top of state and local tax issues.

Your feedback is always welcome. Contact me anytime!

Sincerely,
Ed

Edward S. Kisscorni, CPA/MBA, Director of State and Local Tax
